📍 Darbhanga, Bihar, India

SUMMARY

Passionate Full Stack Web Developer with experience in building scalable and responsive web applications using the MERN stack. Proficient in front-end and back-end technologies, database management, and cloud deployment. Strong problem-solving skills with a focus on writing clean and efficient code.

EDUCATION

Bachelor Of Computer Applications

Vinoba Bhawe University

📅 07/2023 - Present 📍 Hazaribagh, Jharkhand, India

EXPERIENCE

Internship Experience

TGXSW (Techies Gateway)

📅 04/2024 - 11/2024 📍 Hazaribagh, Jharkhand, India

During my internship at Techies Gateway, I had the opportunity to work on live projects, gaining hands-on experience in front-end and full-stack development. My key contributions include:

- **1. Roy Medical (Hospital Website)**
Developed multiple pages using HTML and CSS, contributing to the website's structure and design.
- **2. SMM Panel (Social Media Marketing Platform)**
Designed and developed the website interface using React.js.
Built the complete user panel, ensuring a seamless and responsive UI/UX.
Developed the admin panel, focusing on frontend design and functionality.

SKILLS

Client-Side

HTML CSS JS React Redux

TypeScript Tailwind CSS

Server-side

NodeJS MongoDB ExpressJS

REST APIs WebSockets MySQL

Development & Operations

GIT GitHub Postman

PROJECTS

Hostel Management System

📅 03/2025 - Present

A scalable **SaaS platform** for hostel owners and residents. Key features include **AI-powered room allocation, automated rent collection, visitor management, complaint tracking, and analytics**. The system supports **multi-hostel management, secure online payments, and role-based access**. Implementing **subscription-based billing** with Stripe/Razorpay for monetization. Focused on **security, automation, and a mobile-friendly dashboard**.

SOFT SKILLS

Communication

Ability to convey complex ideas clearly and effectively

Teamwork

Experience collaborating with developers, designers, and stakeholders.

Adaptability

Quick learner, capable of handling new technologies and challenges.

Problem-Solving

Strong analytical thinking to debug and optimize applications.
